

Docket No. WSO-48217  
PCT/EP2005/055095  
Prel. Amdt. Dated July 14, 2006

**Remarks:**

The preliminary amendment is being filed in an effort to present an application in proper U.S. format and to present claims in proper U.S. claim idiom for examination.

The newly entered claims are fully supported in the original claims filed in the international application and in the claims submitted on October 7, 2005.

An early action on the merits is requested.

Respectfully submitted,

For Applicant
